

SL 280 Standard
– handy and compact

SL 280 Standard
for indoor use

Lifts and handles elements up to 280 kg

SL 280 Standard is a compact and robust lifting device with a tight turning radius. This Smartlift has been designed with an electric lifter and electric telescopic arm – which extends up to 50 cm.

- Two vacuum circuits with two pumps
- Accurate to the millimeter
- Handy and compact
- Multifunctional
- Self-propelled
- Tried-and-tested Danish quality

A versatile and flexible lifting device.

The SL 280 Standard is available with a special device for the handling of other materials.
